Dear Frances
I do hope you are fine and enjoying your new place. We are all well here now - Alfred is going back to work today, he has discarded the crutches & is using a cane - The D treatment have done wonders for him since they started about 2 weeks ago - every second day. I am hoping his mind will improve when he returns to work because he has been so cross all through this trouble. Just sent Joe a Birthday card, I believe it is 23 of Nov. Your mother says you don't receive your mail & she writes & know your girl friend does also. I wrote twice since you are here this is my third time. Of course you know there is a box coming from Alfred & Helen also. We look for them write when you get a chance. God bless you & save you from harm. Love Auntie Rob & Ma
