Dear Frank

Camden, N.J.

I'm sure glad to hear from you. I've been wondering how you've been and where you were. I never thought things would change so much in a year's time. Frank this time a year ago we were having a pretty swell time. Remember? Good old E.P.E. We sure were looking forward to that furlough. Sometimes I wish I were back there again. But the studies would have gotten me down.

Frank everything is about the same here. I'm still putting in the hours. We have a few kids at the shop and I am letting them do anything they want. They sure get a kick out of driving the big ones around the yard. I sure hope it helps them along and I'll do my best to tell them all about the engines. I had a Duck Sargent from Station Island today with me and you should have seen him. A real cowboy at the throttle. He sure went for them.

Frank the Wife and Boy are fine. Just had a boxing bout with him. Does OK for his size. Frank, give my regards to your Family and Margaret. I'll drop you a few lines every week. Watch those French girls Buddy and The Best of Luck. As Crazy
Ed
