Dear Dad -

No mail, since your Dec 26 letter saying you were back in France.

Nothing new here - not even the two babies that are expected on the block. Chief laid up with this annual gripe for the past 4 days - Had John & he said take 10 days or 2 weeks of

All sign a certificate. Thanks he enjoys giving the old boy a mid-year vacation - Know he's 58 - (Chief - not John) -

John wants to be remembered to you - said he had a Mas Card from Joe - any chance of you sending him a view card of France? He's beginning to show his age - his hair is very gray - Has a 25 yr old cousin in France - whom they hoped would be home for Mas - he was wounded twice but is back in action again -

Belle Sherman, dropped in unexpectedly

2

and played overnite - she was en-
route to San Antonio, Tex for a
~~week~~ month of Administrators School.

Two more days and DOT leaves on
a 72 hr pass to visit Joe. He's
fine again - A St. Curry home
on furlough ^{from St Pete} called me last
Sunday and said Joe was fine.

Peggy asked me was wife for a
picture of you like I have - The
one I had enlarged to 5x7 - taken
around on 3rd Ave - so Larry
took it and said he spoke fine.

He phoned me last wite to say they
were finished - 8x10 - so I'll
have to get them for Peggy - Two years
ago since they were taken - but you look
lots different now -

About that missing pic of me
from your bell-jar - it is the
quilty party. She found it in the

drawed and took what medicines she wanted
Will see if I can find another one of
them - There must be some around
some place - Haven't heard from Peg
this week so I guess she has no
mail either -

I will end this suddenly now -
Ruth and Paul Gray have come
- in to tell us Geo is going to be
operated on in the morning -

Will let you know as soon
as we hear from them again

No more now

Love from Mother
