*May* THE JOY OF *Christmas*  
BE WITH YOU ALL THROUGH THE YEAR

FELICITY

12/25/44

Dear Frank -  
This is perhaps  
the only chance I'll  
have of dropping all  
else before the WAVE take  
up my bid & banks loads

for your encouraging letter. Back  
Eileen and I appreciate your thought.  
It is true that we're not getting  
so much excitement on the home front there.

Excuse me for being in such a  
hurry and I appreciate your  
kindness. I'll be sure to  
keep you well posted on our  
progress. I'll be remembering  
you in my prayers  
at midnight Mass.  
as always  
Jed

so it's a definite setback  
for the "front" and money  
has been siphoned off  
to the "back" and I'm  
not getting any more  
of the "front" there.

There are no allusions  
about what we  
are doing about  
the "front" there.  
I'm not getting  
any more of the  
"front" there.

Very truly,  
Jed
