

Sunday Sept 30th

Dear Sam

For want of news I'm enclosing
a clipping about two boys whom
you and Betty knew well enough
to talk to. What is the younger
generation coming to - Imagine
anything like this going on when
you and Joe were 16 - Guess
this is some of the bunch John
Hamman used to hang out with -
you know Li's away for 5 years -
Nothing new around town -

Peg told me you said there was
a rumor of getting out on 50 pts -
Was it true. Am still

wondering what you want for Xmas -
have only two weeks left to get
them out in and one of those
weeks will be spent at the
Dillon taking my turn in the
care of Ma - she's still the
same - she'll probably get
better but will always be
paralyzed. There's nothing
new with the family. Joe is
still with Beechum and I
haven't heard from June
in two weeks - They're
still waiting for Alfred K
to get home. Did you make
that trip to Egypt.

Don't mind writing Sam

³
am doing it with one hand
while I wheel Dennis Katz
with the other - But and
Charlie went to a party this
afternoon and me to be back
at 7 - It's now 9 - Bobby
has gone to sleep on Dot's bed
but the baby is awful
cranky -

Joe was at a party at
Tel's last night - Her mother's
wedding anniversary. Said
he had a good time (kid just
fell asleep)

By the way Sam you should
see the swell colored pictures
Lanny makes now. He paid

5. for a set of coloring tubes and you
should see how much better they
look than the black and white.
Cordie sold her place and is
moving to Gloucester Oct 4th -
Bought a 12 room house and 5 room
bungalow there - George and Dewey
are going to live with her in 6 rooms
on the 1st floor - she'll rent the upper
also the bungalow. Old man Norton
sold his place this week to people
named Olsen - he's going to Boston
to marry the housekeeper he used
to have and Amelia is moving to
Ridgwood - Aunt doesn't know yet
if she'll have to move - Prudence that's
all the news -

Love from
mom -
and Georges

P.S. - Heard from Mrs Lewis you got your case
I been - Mail seems awful slow - only had
2 letters from you since arriving in Manila

Ask Frank to try and contact a
Miss Irwin, head nurse, and a Doctor
Epickson who were attached to the
Seventh Day Adventists Sanitarium
in Manila. The nurse is a Philippine,
the doctor an American. He was taken
prisoner by the Japs. Ask them to
disclose what has become of or happened
to the people known to Henry Friedman,
principal of Public school in Brooklyn
He was ill in hospital there several years ago.
