Dear Jane

Well after a 12-day silence the mail has started coming through again. Tell me why you didn't date this on the inside - Always like the date so we can check on how long it takes to come over. Could you wise us up as to why the #250 A.P.O. again - Could be your coming back? Was talking to Mary Malone today and she says Frank hasn't been home in two weeks. They're very busy he's been doing some mt work too. Where's Betty? Malone has been working out of there - She outfit still intact and no sign of moving and there

have been no replacements for
you fellows. Sooo we're
wondering if that really means
rejoining your outfit when the
90 days are up. So! your
back to sleeping on the floor.
You must have been phycic
when you insisted on doing
that when you were a civilian.
Can we believe that plating of steak
and onions, or is it just a
moral builder. The good old
days of beef are gone again - even
the pig can't be fatted any more.
We've been living on lamb for
the past month - and you chase
all over the city trying to get 1/2 lb
of bacon. So you - do you own
laundry. Is that why you asked
for that toilet soap. That's only to be
used on dainty undies - many
Malone says - maybe your trying

to make ³an impression on those
frank pals. Better look out or
Peggy will be pinning your ears
back. Nothing new arrived today
everyone well. Ron was talking to
Dot today (legally) - and she complains
she gets no mail from you or Joe.
Belle Sherman got her stripes
back - she's a Cpl. again. Did
Peggy tell you Salerno has been
sworn into the Army Oct 22nd -
is awaiting word as to when she
reports to Oglethorpe. Only expects
to be there for a week's refresher
course. Wants to come to Shank-
Wash. or Mass. Ron tells me Dot has
requested special daily prayers for
the mo. of Nov. She's still trying
for the 2nd Service Command.
We're dying to hear when the
mail finally catches up with you.

Learned the person for your group being
picked was you'd already had all
your photos. Joe still at Mamie and
still saving over Harriett's funds - sent a
pic but I doubt it's Harriett because
it's one of those movie pic's you
get when you buy a new bill fold
or years ago you used to get that
type pic with a stick of gum. We
haven't told Dot Mary is in the army
again - want to surprise her. I
gather you work in Paris any longer
but can you say where you are?
Did I tell you me & Gladys do Red Cross
bandage making Wed rates - we're also
going to donate blood again.

Well Jane looks like I ran outa
news, so till next time

Love and prayers

From Mother

P.S. - Joe says Harriett is in Catholic.
