

Tuesday 11.30 A.M.

Dear Fae

What a relief on Wed
to get your card and to
know your old appendix had
blown up. We just got your
two letters you sent out on
Thursday - no mail from
Joe since you left. We're
sure glad to hear you O.K.
but from your description that
sure must be a mad-house.
Can you imagine what
poor Duffy must have suffered.
Glad the Shields says me it
coddled too much or you

wouldn't be able to take it. I
guess you probably put the worst
over at Upton even though
basic training won't be any quick.
Your damn dog is barking like
hell. By the way the lady
next door is only 8 months old
and they are going to have her
altered (news from Melia) \$50
poor Phipe looks like he'll
never have any off-spring to
boast of. Cocker sparrow crossed
with Phipe should produce
some cute offspring - no
soap though.

Dot still waiting for her
further instructions - she had
an extraction on Wednesday &
is having some filled etc. 12.00

3
said she'd rather pay than take
a chance on an Army butcher.
Sure looks as though Spring
has arrived. Must be getting
hot downy Columbia and
Georgia way.

Peter Aiken arriving tonight
to go to show with Dot - she sent
a card announcing Alfred
would arrive on Saturday to go
to Teaneck with them for the
week-end - Looks like the old
boy is learning how to be focable.
After 1 1/2 hrs on June this A.M. at
the butcher's 8 to 9.30 I got a
piece of beef but not the regular
kind. Hope etc good on account
of the Aiken's arriving. The "Chief"
hasn't gone back to work yet
but he's up at 9 AM - each day
and puts Madrug - he's going

back on Monday. Did you see the
latest scandal about Henderson
O P A. head a Washington living his
office full of draft age Jews - Boy!
Oh Boy! even in Lent the Chief
was letting the curses out by the
yd. Well Jan I hope you shipped
out of there fast then you can
settle down - sure hope those Ft
Muir's ^{boys} go with you. Ed's cousin
Ted Wilde goes to Upton March 17th
if you remember the one from Villanova
if you still there try to look him
up. Hope this letter reaches you.
Fanny I spelled over when you left
felt sure I was going to be real
brave but the last minute got
me down. St. Anselm's having
9 AM mass for Lent.

Love and prayers
